TAKE GIRL FROM HOTEL

Miss Ruth Lindsay, 19 years old, was taken out of the Schiltz hotel last night by Miss Pearl Dienst, probation officer of the juvenile protective association, and is now being held in the women's department of the city jail. The girl, whose home is in Plano, has been wayward and will probably be sent to some institution, the police said today. She was taken into custody by the local police 10 days ago when she was found in an east side building with a taxicab driver.

KNIFE ON CORNS CAUSES LOCKJAW

Tells how to loosen a tender corn so it lifts out without pain.

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poisoning are now told by a Cincinnati authority to use a drug called frezoin, which the moment a few drops are applied to any corn, the soreness is relieved and soon the entire corn, root and all, lifts out with the fingers.

It is a sticky substance which dries the moment it is applied and is said to simply melt the corn without inflaming or even irritating the surrounding tissue or skin. It is claimed that a quarter of an ounce will cost very little at any of the drug stores, but is sufficient to rid one's feet of every hard or soft corn or callus.

You are further warned that cutting the corn is a suicidal habit.

TOO BIG FOR ARMY; LABORER REJECTED

Frank Strobel, Refused in Chicago, Comes to Aurora Seeking to Enlist.

Big Men Wanted in Artillery, Yet He Is Found Too Large Even for That Work.

Some men have been unable to get into the army because they are undersized but Frank Strobel, 31 years old of Chicago, it is different. He is barred from military service because he is too big. He went to the office of Corporal Polin, local recruiting officer, yesterday afternoon to enlist. The recruiting officer took his height and found that he stood 6 feet and 3 inches. The maximum height for army service is 6 feet and 3 inches and Strobel was rejected. "I tried to enlist in Chicago and they told me there that I was too tall," Strobel said. "When I came to Aurora I tore off part of the heels on my shoes to make myself shorter but the recruiting officer made me strip."

Sure to Be Rejected.

Corporal Polin said that in some cases where a man is taller than the maximum height the defect is overlooked but in Strobel's case he said it would be useless to send him to Chicago as long as he has already been rejected at the central office. Strobel weighs 201 pounds. It was suggested when he failed to gain admittance to the army that he hunt up a Tom Jones or some other developer of heavyweights champions.

Strobel is a laborer and came to Aurora in search of railroad work.

Tall men are wanted for heavy artillery service, Corporal Polin said, but Strobel is too tall. He is also too heavy, he said.

PROF. GALE IS MEMBER OF WAR HISTORY BODY

Prof. Henry Gale of the University of Chicago, a former Aurora resident, is a member of the War History body. He has been elected secretary of an association headed by Prof. Shaler Matthews, that is to write a correct history of the present war. The association will also have written in connection with the war a history dating back thousands of years to show the real causes of this war.

EXPECT HIGHER FLOUR

Flour prices, which have been dropping every day for more than a week at local wholesale flour warehouses, remained the same as yesterday. Flour was still quoted at \$14 per barrel, wholesale, today. Wheat went higher today which prevented the expected drop in prices. It was said by a local wholesale flour jobber this afternoon that flour prices are expected to be higher Monday owing to the rise in wheat, unless information from the mills Monday is to the contrary. The average retail price of flour today in Aurora for the 48-pound sack was \$3.85.

FRANCE GIVEN ANOTHER \$100,000,000 U. S. LOAN

(By Associated Press Leased Wire.) Washington, D. C., June 2.—The government advanced another \$100,000,000 to France today making the total loan to that republic \$385,000,000 and the total to the allies \$845,000,000.

PROTEST FREIGHT BOOST

(By Associated Press Leased Wire.) Washington, June 2.—Representatives of diversified industries from various sections of the country protested to the interstate commerce commission at today's hearings against the 15 per cent freight rate increase asked by the railroads. Among the industries represented were cement, plaster, canned goods, hops, leather, citrus fruit, lumber and automobiles.

INCREASE IN PAY

The employees of the operating department of the Chicago Telephone company and this includes the operators, have been given an increase in salary, effective June 1, it was announced today. The details of the increase have not been learned at the Aurora office.

CLAXON FAMILY MORE FORTUNATE THAN MANY

MOTHER OF PASTOR RECOVERING FROM MATTOON STORM HURTS.

Dr. R. H. Claxon, pastor of the First Baptist church, had escaped from Mattoon, his former home, where a cyclone one week ago today killed 57 people and did millions of dollars' damage, and has immediately taken out tornado insurance upon his possessions here. Doctor Claxon said this morning that his aged mother, Mrs. J. W. Claxon, who was badly hurt in the storm, had suffered more from nervous shock than real physical injuries. She was badly bruised but no bones were broken, when the Claxon home was wrecked. Mrs. Edward Ordorff, Mrs. T. Robt. visters, and Thomas Claxon, brother of the pastor, lost practically all they possessed but, the minister said, they were more fortunate than many of their neighbors as they were practically the only ones carrying any tornado insurance. They said they had tried all day to get live in cities or the larger towns of this part of the country.

HEISS-MILHOAN

The friends of Herbert P. Heiss of 111 R. street, a member of the senior class at Northwestern college, now at the reserve officers' camp at Fort Sheridan, were surprised to note the fact that he yesterday secured a license in Chicago to marry Miss Fae L. Milhoan, daughter of Mr. and Mrs. F. H. Milhoan of 1215 Judson avenue, Evanston.

At the home of the young man's parents, Mr. and Mrs. William F. Heiss in this city, it was stated that the family knew nothing other than that they also noted the marriage license item in the morning paper today. They said they had tried all day to get in touch with him by telephone, without success.

The story is that a year ago last October Miss Milhoan, then a senior at Northwestern, appeared wearing Heiss' Sigma Nu fraternity pin at the "engagement angle" and that while she acknowledged the existence of an engagement, Heiss denied it, declaring she was wearing the pin on a dare.

RAISE HIGH PRICED WHEAT ON FERTILE CANADIAN SOIL

Canada extends to you a hearty invitation to settle on her FREE Homestead lands of 160 acres each or secure some of the low priced lands in Manitoba, Saskatchewan, and Alberta. This year wheat is higher but Canadian land is just as cheap, so the opportunity is more attractive than ever. Canada wants you to help feed the world by tilling some of her fertile soil—land similar to that which during many years has averaged 20 to 45 bushels of wheat to the acre. Think of the money you can get with wheat at over \$2 per bu. and land so much cheaper than in the United States. Write for literature to C. J. Broughton, 112 W. Adams St., Chicago, Ill. Gas—One Necessity That Costs No More

Without even considering the convenience of Gas Range Cooking, the superiority of Gas Cooking from the standpoint of economy becomes increasingly apparent with each passing day as the price of coal climbs steadily upward.

The cost of coal, authorities declare, will be even higher next Fall and Winter than it is today. With this prospect in sight small wonder that thousands of housewives everywhere are installing

Modern Cabinet Gas Ranges for Cooking Economy

The cost of Gas has not advanced, We hope that it will not. We are making every effort to keep the price down to its present low rate. We believe we will succeed.

A new Range will free you from kitchen drudgery, will give you a cool kitchen during the hot Summer days, will enable you to prepare better meals for your family.

We Will Appreciate a Call Today.

FOURTH TORNADO KILLS AND WRECKS

(By Associated Press Leased Wire.)

Kansas City, Mo., June 2.—Conflict reports concerning the tornadoes yesterday and last night thru Kansas, Missouri, Oklahoma and Arkansas continued today to show heavy loss of life and damage, particularly in Oklahoma, but indicated less severity in Missouri and parts of Kansas. Eighteen stood as the death list in Oklahoma, while the loss of life in Kansas was placed at three. Coalgate and Drake, both in Oklahoma, apparently suffered the greatest death loss, with eight known killed at Coalgate and five at Drake. The dead in South Fourth street last evening in Missouri were all near Morse, 25 miles southwest of here. Earlier reports of losses from McCune and Montana, Kansas, were denied, but an 11-year-old girl was injured at Montana. South Missouri points, mainly around Buffalo, in Dallas county, reported only minor damage. One man was injured in a suburb of Kansas City.

WRECKS 400 HOMES.

The storm seemingly reached its height at Coalgate, tearing a swath from one to two blocks wide thru the town, demolishing more than 400 homes and continuing for three miles in the country district. Forty were said to have been injured, one woman so seriously that her death was feared. The property damage was estimated at from \$300,000 to \$500,000.

The death list at Drake remained the recorded last night.

A jolly crowd of young people were entertained at the home of Miss Margaret "Purvis" in South Fourth street last evening to celebrate the hostess' sixteenth birthday and also the birthday of Marion Hoffman who was 17 today. The evening was spent with music and games and there were many flowers and some genuine surprises in the way of gifts. Those present were: Adra Mesinger, Lillian Carlson, Clara Pankas, Ethel Beck, Irene Hees, Gladys Hansen, Mairline Drury, Marjette Richards, Ruth Morrison, Alice Keeler, Marion Hoffman, Margaret Turner, Howard Bell, Harold Hansen, James Wright, Donald Huff, Lawrence Dimond, Clarence Hill, Roy Weisbach and Robert Youngblood.

CLAXON FAMILY MORE FORTUNATE THAN MANY

MOTHER OF PASTOR RECOVERING FROM MATTOON STORM HURTS.

Dr. R. H. Claxon, pastor of the First Baptist church, has returned from Mattoon, his former home, where a cyclone one week ago today killed 57 people and did millions of dollars' damage, and has immediately taken out tornado insurance upon his possessions here. Doctor Claxon said this morning that his aged mother, Mrs. J. W. Claxon, who was badly hurt in the storm, had suffered more physical injuries. She was badly bruised but no bones were broken, when the Claxon home was wrecked. Mrs. Edward Orndorff, Mrs. T. Rohr, sisters, and Thomas Claxon, brother of the pastor, lost practically all they possessed but, the minister said, they were more fortunate than many of their neighbors as they were practically the only ones carrying any tornado insurance. "Few people nowadays," said the doctor, "carry tornado insurance if they live in cities or the larger towns of this part of the country."

HEISS-MILHOAN
The friends of Herbert P. Heiss of 14th street, a member of the senior class at Northwestern college, now at the reserve officers' camp at Fort Sheridan, were surprised to note the fact that he yesterday secured a license in Chicago to marry Miss Fae L. Milhoan, daughter of Mr. and Mrs. F. B. Milhoan of 1243 Judson avenue, Evanston.

At the home of the young man's parents, Mr. and Mrs. William F. Heiss in this city, it was stated that the family knew nothing other than that they also noted the marriage license item in a morning paper today. They said they had tried all day to get in touch with him by telephone, without success.

FOURTH TORNADO KILLS AND WRECKS

(By Associated Press Local Wire.)

Kansas City, Mo., June 2.—Conflict reports concerning the tornadoes yesterday and last night thru Kansas, Missouri, Oklahoma and Arkansas continued today to show heavy loss of life and damage, particularly in Oklahoma, but indicated less severity in Missouri and parts of Kansas. Eighteen stood as the death list in Oklahoma, while the loss of life in Kansas was placed at three. Coalmine near Drake, both in Oklahoma, apparently suffered the greatest death loss, with eight known killed at Coalgate and five at Drake. The dead in Kansas were all near Morse, 25 miles southwest of here. Earlier reports of losses from McCune and Montana, Kansas, were denied, but an 11-year-old girl was injured at Montana. South Missouri points, mainly around Buffalo, in Dallas county, reported only minor wind damage. One man was injured in a suburb of Kansas City.

Wrecks 400 Homes.
The storm seemingly reached its height at Coalgate, tearing a swath from one to two blocks wide thru the town, demolishing more than 400 homes and continuing for three miles in the country district. Forty were said to have been injured, one woman seriously. The property damage was estimated at from \$500,000 to \$750,000.

The death list at Drake remained the recorded last night.

A jolly crowd of young people were entertained at the home of Miss Margaret Turner in South Fourth street last evening to celebrate the hostess' sixteenth birthday and also the birthday of Marion Hoffman who was 17 today. The evening was spent with music and games and delicious refreshments were served. There were many flowers and some genuine surprises in the way of gifts. Those present were: Adra Messinger, Lillian Carlson, Clara Pankke, Ethel Rees, Irene Rees, Gladys Hansen, Madeline Drury, Margaret Edwards, Ruth Morrison, Alice Reeder, Marian Hoffman, Margaret Turner, Howard Bell, Harold Hansen, James Trightwell, Donald Huff, Lawrence Dimond, Clarence Hill, Roy Weisbach and Robert Youngblood.

WHEAT IS HIGHER

ON S. GUARANTEE

[By Associated Press—Leased Wire]
Chicago, June 1.—The U. S. government intends to protect growers marketing their crops and that the market be guaranteed high enough to stimulate production and to strengthen what now is a very small. The opening range is high around, with July at \$1.25 and September at \$1.20. Substantial gains were forced by moderate Caracas news.

The fact that virtually no future wheat was offered for sale led recently to an extraordinary advance in the market. Yesterday's closing was \$1.20 and September at \$1.15. An overnight gain of 1c and the market dropped back with scarcely single intervening trade. The closing was \$1.15 and September at \$1.10. \$1.20 and September at \$1.15.

Continued unfavorable weather is decided upward swing to corn. On advance, there was much profit-taking in recent shortfalls. After opening to 2 1/2c up, the market made a general move above yesterday's finish.

No radical lasting setback, ensued. The closing was 1 1/2c and September at 1 1/2c.

Oats hardened on heavy arrivals and ribs upped. Closing out of 1/2c between hard and ribs, however, had
